Frequency Guide

Service frequency is indicated by six numbers in a coloured box. Each number represents the number of services scheduled per hour.

The six numbers relate to times of the week thus:
 First row: - Monday to Friday
 Second row: - Saturdays
 Third row: - Sundays
 Left column: - Daytime
 Right column: - Evening

Note that typically there will be more frequent services on Monday to Friday peak hours.

12 per hour = 5 minute intervals
 10 per hour = 6 minute intervals
 8 per hour = 7 minute intervals
 6 per hour = 10 minute intervals

5 per hour = 12 minute intervals
 4 per hour = 15 minute intervals
